

ALLERGEN MATRIX 2024

We use Churros that contains **NUTS**, there may also be traces found in all menu items due to supplier's factory handling information. Please be aware that whilst we try to minimise cross-contamination, as we sell cheese, there may be traces of milk in all our products. We also only ever use boneless meat, however there will still be a tiny chance of finding a bone in meat items.

ALLERGEN MATRIX 2024
